**“Delicious Dishes of the Spanish and  
Cypriot Cuisine”**

The B and D 11th-grade students participated in an activity focused on “Delicious Dishes of the Spanish and Cypriot Cuisine”. Our students wanted to share with us the abilities they had acquired during their two-week practical training in Granada, Spain and Limasso, Cyprus. These activities belong to the Erasmus + 2021-1-RO01-KA121-VET-0000127711 mobility project.

The two student teams prepared traditional dishes, such as tortilla and rosemary pita and, at the end, feedbacked each other by each team tasting the other team's dish.
